When looking for new windows, doors or a conservatory for your home, you need a supplier you can trust.

Our years of industry experience and impressive credentials mean that you can completely rely on us at every stage of the process, from selection to installation.

We offer the very latest energy efficient and high security products, delivering advanced performance for your home. All products are manufactured to achieve recognised industry regulations - for your total peace of mind.

From the moment you contact us, we will provide you with the highest quality service, helping you to choose the perfect product to complement your home and tailoring it precisely to your needs.

**“THE HIGHEST-PERFORMING
WINDOWS AND DOORS -
WE WOULDN'T PUT OUR
NAME ON ANYTHING ELSE”**

CHOOSE BOTH ATTRACTIVE AND DURABLE WINDOWS

New windows can enhance the look of your home, both from the inside and out. We offer a wide range of styles to suit all types of properties.

Opt for traditional white frames, or a natural woodgrain effect in Golden Oak, Rosewood or Mahogany. Then decide if you'd like Georgian, stained, diamond lead or bevelled glass.

Our windows don't just look good - they're designed to last, and require minimal maintenance meaning they'll be with you well into the future without compromising style.

SAVE MONEY
CUT WASTED
HOME ENERGY
BY UP TO
20%

If your windows consist of single glazed or older double glazed units, replacement with energy efficient windows will save you money. It can cut the energy you need to heat or cool your home by up to 20%.

You could also:

- **Reduce condensation in your home**
- **Reduce your carbon footprint**
- **Reduce your energy bills**
- **Add value to your property**

CASEMENT WINDOWS

Our most popular design, available in many styles and finishes making it easy to find an option for your home. Energy efficient glazing and our unique Q-Lon weather seal mean that your windows will stand the test of time.

The casement window is popular not just for its durability or design, but because of the wide scope of potential designs and options for your home. Whether it's a mock horn, Georgian bar, or one of the many colour foils we offer, you'll be able to find the perfect window for your home.

Other key options include:

- Extensive choice of designs
- Available in a variety of foiled finishes, both woodgrain and solid colours
- Range of handle colours to complement the finish of your windows
- Wide range of glass designs, from leaded to Georgian bars.

REDUCE CONDENSATION
IN YOUR HOME BY UP TO 80%

Whenever we cook, bathe or even breathe, we increase water vapour in our home. When saturated air contacts a cold surface, condensation forms, promoting bacterial growth and mould. Both can compound respiratory problems such as asthma.

Our windows are typically 3-4°C warmer than those with metal spacer bars, reducing condensation by up to 80%.

TILT AND TURN WINDOWS

Tilt and turn allows you to tilt the window inwards, for ventilation, or alternatively open fully inwards which allows for easier cleaning. Furthermore, this product can also be incorporated within bay and bow style windows and is available with a variety of glazing options, including Georgian bar, leaded lights and obscure glass.

Versatile and convenient

The Tilt and Turn window allows you to enjoy the benefits of a truly versatile product, offering both aesthetic and practical options. This design of window is available in a number of style options, all allowing larger opening areas to be achieved, thus this product can be used for fire escape openings.

VERTICAL SLIDER WINDOWS

The vertical sliding sash window range combines the elegance of traditional sash windows with the benefits of modern materials. Manufactured from PVCu they are strong, will not rot, warp or require repainting; ensuring that they retain their colour and shape throughout the years with the minimum amount of maintenance.

Suitable for both replacing existing timber sliders in period buildings and adding character to any development, vertical sliders retain all the traditional features of their familiar counterpart but with the enhanced benefits that modern PVCu systems provide.

“CHOOSE

WEATHER
RESISTANT
WINDOWS
THAT
COMPLEMENT
THE REST OF
YOUR HOME”

BAY AND BOW WINDOWS

Attractive, durable and versatile, our bays and bows will suit any style of property and provide valuable extra space in your home.

Bay Windows

Bay windows retain the traditional look of your home while creating space, allowing light to flood your room.

Bow Windows

Our bow windows create the illusion of space and depth by allowing more light into your home without the need for additional building work.

REDUCE OUTSIDE NOISE LEVELS WITH OUR STATE-OF-THE-ART WINDOWS AND DOORS

Nowadays it's difficult to avoid external noise.

Whether you live near a major road, under a flight path or near some vocal wildlife, noise pollution can be a cause of major disruption. With double-glazed insulation and our high performance window seals, our energy efficient windows will help reduce external noise pollution.

DESIGN OPTIONS

Every home is different. Make yours unique with our design options.

1. Georgian Bar

This style option allows you to tailor your window glazing to create a personal finish for your home. This is achieved by inserting a shaped bar in between the glass panes.

2. Astrical Bar

Similar to Georgian bars but offers a more traditional finish by planting shaped bars on top of the glass panes. This creates depth to the design and the look of individual glass units.

3. Mock Horn

Our Mock Horn feature enhances the aesthetics of your windows by achieving the appearance of a traditional vertical slider.

MAKE AN ENTRANCE WITH OUR DOOR RANGE

Whatever the style, you can be certain that our doors use high quality materials, meaning excellent durability, while keeping your property secure.

The right front door can create a great first impression when you enter your property. Patio, French-style, Bi-fold doors are a great way to open up a room - and invite the outside in.

We offer all these options in a wide range of finishes - from PVCu doors to composite ones, from simple glazed designs to more ornate styles, with decorative glass or panelling.

As well as being beautifully made, each door is designed to stand the test of time. So they not only work superbly as a barrier, they also enhance your home too.

COMPOSITE DOORS

Our composite doors combine modern materials and performance with a traditional aesthetic to enhance the character of your home. Available in a wide variety of styles, colours and glass choices to meet your every need.

“A RANGE OF DOORS IN STYLES AND
COLOURS FOR EVERY TASTE”

FRONT DOORS

PVCu Panel doors offer a wide range of designs and finishes. These can include full and half panel designs as well as sidelight options.

FRENCH DOORS

Throw open French doors and invite the garden, terrace, balcony or country views inside. A breath of fresh air for your kitchen, lounge or dining room, these beautifully made doors come in a range of styles, colours and finishes to blend naturally with any home.

“ENHANCE YOUR HOME
& LET THE OUTSIDE IN”

PATIO DOORS

Make the garden part of your home, with easy access for warm summer days and wonderful views when it's a bit colder. A patio door adds some light to your home, whatever the time of year.

BI-FOLDING DOORS

Bi-folding doors glide open to seamlessly join inside and outside space.

Flood any room with natural light and, in just a couple of seconds, open up for extra space and the feel of a cool summer breeze.

The addition of a bi-fold door can completely transform a living space - their flexible nature mean they can be fully opened, partially opened, or totally closed depending on the space available and, naturally, on what the weather's like. Versatile and aesthetically pleasing, our bi-fold doors are the perfect replacement for existing patio or French doors to flood any room with natural light.

“BI-FOLD DOORS ARE
THE PERFECT WAY TO
TRANSFORM YOUR
LIVING SPACE”

A BRIGHTER WAY TO EXTEND YOUR HOME

Most of us would love more space and light in our homes – and there's no better way than a quality conservatory.

Conservatories offer more benefits than you might think. They don't just provide lots of extra room – our insulation means your new conservatory will retain heat in the winter, and won't be too hot in the summer. So it's a comfortable space for you to enjoy all year round.

With a variety of styles to choose from – ranging from contemporary to more classic designs – you're sure to find just the right way to bring the garden into your home...and your home into the garden!

“NOTHING BEATS RELAXING BENEATH THE CLEAR BLUE SKY.”

THE CHANGING FACE OF CONSERVATORIES

Forget everything you think you already know. Our advanced conservatory technology and materials change everything. Prepare to be inspired...

Want a room you can genuinely use all year round - through the hottest summer or the coldest winter? Set your mind on creating something really different? Facing a challenging or unusual footprint to create your new space?

Keen to exploit the lifetime savings available from thermally efficient glass? Look no further.

From innovative roofline pelmets, to distinctive moulded architraves and solid in-fills, to durable and efficient glass engineering, the ranges in this brochure redefine what a conservatory can be.

USING LESS ENERGY MEANS LESS CO₂

Science suggests man-made emissions play a major role in global warming and, in turn, influence climate change. Home energy use alone accounts for 27% of UK carbon dioxide (CO₂) emissions which contribute to climate change.

The Glass and Glazing Federation calculates that if all UK replacement windows installed were B and C rated, each household could save the energy equivalent to making 34,000 cups of tea!

All our Energy Efficient windows achieve C rated or better energy efficiency. Put simply, they're the most energy efficient windows your money can buy. Decide what A, B or C rated performance you want; we'll do the rest.

THE BEST PERFORMING WINDOWS THAT MONEY CAN BUY

We all want the best from replacement double glazing. That's why our windows stand apart. From styling to performance to saving energy, the advanced design gives you a comfortable, secure, energy-efficient home.

Reduce wasted energy. Cut bills.

Choosing our windows to replace single glazed or older double glazed units saves money from day one. In fact, it could reduce your heating costs by up to 20% - saving a significant amount of money each year.

Below: The images show just how effective fitting energy efficient windows to your property can be. The right hand side of the property still has the original windows - the reds and pinks show heat escaping. However, the new extension on the left is fitted with energy efficient windows, the lack of reds and pinks proving they help dramatically reduce heat loss.

Reduce condensation and noise.

Lower heat loss at window edges makes our glass 3-4°C warmer - cutting condensation by up to 80%. Using high performance gaskets, our double glazing reduces noise pollution, too.

Energy efficient windows - at the right price

Our energy efficient window system brings together market leading components to deliver exceptional performance. This means quality performing glass and the best performing 'warm edge' spacer technology is used in the sealed unit. Our window profiles include Q-Lon weather seals, multi chamber construction, high security locking and stainless steel hinges.

OUR WINDOWS MAKE MORE OF AMBIENT HEAT

In winter, the energy efficient coated glass used in our windows retains warmth within the home. It's also designed to exploit radiant heat energy from the sun. These properties result in significant fuel savings compared to a single glazed dwelling.

Replacing single glazed timber framed windows to our energy rated windows saves:

10% ON YOUR ENERGY BILLS*
(01.57 tonnes CO₂)

Replacing single glazed aluminium framed windows to our energy rated windows saves:

20% ON YOUR ENERGY BILLS*
(3.35 tonnes CO₂)

* Above data obtained from Glass and Glazing Federation calculator.

THE NEXT WINDOWS YOU CHOOSE COULD REDUCE WASTED HOME ENERGY BY UP TO 20%

WINDOW SECURITY YOU CAN RELY ON

Hard wearing, durable windows – it's all in the design. However important windows are to the style of your house, the security they offer is even more important. The more confident you feel inside your home, the happier you'll be.

Our SAC shootbolt locking system is specially designed to improve security and performance. It also takes pressure away from the hinges, ensuring a longer life for your windows. The tight seal guarantees superb weather protection too, so you'll feel safe and secure in every way.

Features and benefits

- **8 Point locking system with unique corner drive design on all windows regardless of size.**
- **Unique full depth Eurogroove lock-out design to maximise security performance.**
- **400% more shootbolt contact area with keep when compared to traditional flat shootbolts.**
- **Supaglide gearbox action, tested to 100,000 cycles (equivalent to 30 years of heavy use).**
- **Rigorously tested to BS7950 and beyond to achieve Secured By Design status.**

DOOR SECURITY INTELLIGENT THINKING FOR YOU

Doors are at the heart of your home's security, and we design our products to ensure that visitors to your home are only the welcome ones.

Not only do all our doors meet industry standards, but we also work closely with the police under the 'Secured By Design' scheme to make sure our customers enjoy the best possible protection and peace of mind.

So, whether it's our security hinges or our state of the art locking system, our dedication to security is second to none.

Features and benefits

- **10 Point locking system for maximum security and peace of mind.**
- **4 Pre-compression rollers allowing door to seal prior to hooks engaging for smooth operation.**
- **3 Opposing steel hooks to maximise strength.**
- **2 Anti-lift bolts preventing door lock being dislodged from keeps.**
- **1 Centre latch for ease of day to day operation, incorporating dead-lock action when bolts and locks are engaged for added security.**

FINISHES AND GLAZING

An exciting range of finishes, a vast array of glazing options and door furniture to suit every taste. The choice is yours - make a design statement.

FINISH OPTIONS

The range is available in a variety of finishes including white, rosewood, golden oak and a range of solid colours. All can be combined with your choice of glass design, including Georgian square, stained or diamond lead.

The right window can make all the difference to a room, so it's important for it to look the part - and be reliable and cost-effective, too.

FURNITURE

An attractive range of door furniture is available in gold, white, black and chrome; enabling you to select what best suits your home and personal taste.

Also available is the Heritage Range hardware - the 'Monkey Tail' is not only aesthetically pleasing, but fully functioning and compatible too.

GLAZING

A vast array of glazing options are available. eg. Patterned, Georgian, Stained and Leaded.

HELPING TO MAKE YOUR HOUSE A HOME

Bricks and mortar may form the foundations of your house, but it's the enhancements you choose that really create your home's personality.

It is worth taking the time to make the right choices, not only to achieve the perfect look, but also to choose products that will stand up to the demands of today's busy households.

With our comprehensive range of high quality PVCu windows, doors and conservatories, you can be sure to find the products that will suit your individual style. With minimal maintenance, and maximum durability, they will suit your lifestyle too.
